

# EcotoxicoMic 2026

5th International Conference in Microbial Ecotoxicology

## CALL FOR ABSTRACTS

12-14 OCTOBER 2026  
THESSALONIKI, GREECE

We now welcome abstracts for consideration for EcotoxicoMic 2026, to be held in Thessaloniki, Greece, from 12 – 14 October 2026.

All abstracts with topics corresponding to the conference's [sessions](#) are welcome.

**[Submit your abstract](#)**

### The Conference will address the following topics :

Antimicrobial Resistance – An emerging concern with growing consequences  
Assessment of the impact of pollutants on microbial diversity and functioning  
Potential interaction of nature-based solutions and natural toxins with environmental microbiomes  
Microbial degradation/detoxification of pollutants and bioremediation applications  
Interactions of environmental microbiomes with pollutants under climate change scenarios  
Microbes, pollutants and Bioprocess Engineering

- Important dates :**
- **1st February 2026** : Open call for abstracts submission
  - **30 April 2026** : Deadline for abstracts submission
  - **30 June 2026** : Early bird registration
  - **1st September 2026** : Late bird registration

**Find more information about the conference, programme, speakers etc. at the [conference website](#).**
